The validation of cold rooms is done every year by the authorities. In case the temperature fluctuates in the cold rooms it is automatically brought to the notice of authorised people by way of SMS alert and with V track app.

Girish and Manohar are on a life saving mission.

Besides being business conscious enterprises, we are also socially conscious corporate citizens. On a CSR front, we make available the costliest life saving drugs to deserving few, free of cost. We have been supplying a life saving drug to a patient from eight years of his age. He is today 22 years and still takes the medicine from us. In this 14 years span, we have helped this patient with life saving medicine worth Rs ten lakhs. We will also be handing over a cheque of Rs two lakhs to him on the occasion of the inauguration of our new facility, informed the Girish and Manohar.

A patient had approached some time ago expressing his inability to buy the costly medicine to save his life as he had a financial problem. We have rescued his life by supplying medicine free of cost. He lives in Gurgaon and is earning well. And now wants to pay back the amount for which the Life saving medicines was supplied, after ten years of availing the provision, which has certainly saved his life.

Whatever we are today is due to this society. We want to pay back to the same society in our own small way, informed Girish and Manohar. A good Samaritans indeed.

Life is precious. If we could add few more years to the life, we achieved our mission, claim both brother very proudly has they have been doing this for the past 20years.

It was the dream of our late father to start a Pharma Distribution company for life saving medicine. He passed away in 1997 (In an unfortunate road accident) while supplying such life saving medicines. We started in a small way in 1996 with just rupees fifty thousand as an investment. Today we have reached a very healthy turnover. We have three branches---New Delhi, Vijayawada and Vishakhapatnam. Plans are on the anvil to expand to other state soon, informed Mr. Girish and Manohar.

A globally leading pharma company has been evaluating us for the past several months to award their exclusive distribution rights to us in Telangana and other markets, Girish informed.

We work 24x7 and 100 people work for us. We deliver the medicine to hospital within twenty minutes of the call received, Girish added

Medihauxe Pharma expanding operations

Medihauxe Pharma has invested Rs 10 crore in Hyderabad operations by setting up its new corporate house and cold storage facilities.

By Y V Phani Raj (<https://telanganatoday.news/author/phaniraj/>) | Published: 17th Feb 2017 12:25 pm

Hyderabad: City-based critical care medicines distribution company, Medihauxe Pharma has invested Rs 10 crore in Hyderabad operations by setting up its new corporate house and cold storage facilities. Moving beyond distribution, the company is scouting for contract manufacturers to produce products related to cancer and kidney disorder in the first phase, which it will market.

The company has invested Rs 3 crore for setting up facilities in Delhi, Visakhapatnam and Vijayawada. It plans to spread to Bhubaneswar (Odisha) and Bilaspur (Chhattisgarh) in the next three months.

The 12,000 sqft premises in Hyderabad include two walk-in cold rooms maintaining a temperature of 2-8 degrees and this temperature is monitored with data loggers. The cool room temperature is maintained less than 20 degrees throughout the year as most of the medicines are temperature sensitive. In case of temperature fluctuations, it is automatically brought to the notice of authorised personnel by way of SMS alert.

Medihauxe Pharma MD P Girish Bhat told Telangana Today, "Starting our journey in 1996 with three employees, we currently deal with a range of over 3,000 super specialty products. Specialised in medicine categories such as cancer; liver, lung, kidney and cardiac transplants, our facilities are being audited by international pharma makers."

He added that the Pharma City will bring in more opportunities for its growth.

P Manohar Bhat, director, said the company supplies drugs of Indian and foreign drug companies to hospitals across India. The company is expecting a turnover of Rs 100 crore during this fiscal.

Harish Rao to inaugurate life saving medicine facility

Medihauze invests Rs. 10 cr to set up advanced medicine storage facility

A Raju, Hyderabad, Friday, February 17, 2017, 17:15 Hrs [IST]

Hyderabad based Medihauze Pharma has invested Rs. 10 crore to set up a most advanced medicine storage facility at S. R. Nagar in Hyderabad.

Medihauze Pharma, which has more than two decades of experience in the distribution and supply of medicines across the country, is now venturing into setting up of advance storage facilities for life saving medicines. "Having learned from our past experiences, storing huge stocks of medicines of different kinds needs different environmental conditions. As part of this we have invested more than Rs. 10 crore and built most advanced medicine storage facility in Hyderabad. Very soon we are also planning to expand our base in other states," informed P. Girish Bhat, managing director of Medihauze Pharma Pvt Ltd.

The newly set up state-of-art-the-facility has a spread of 12,000 square feet with two large walk in cold rooms maintained at 2-8 degree Celsius temperature and this temperature is monitored with data loggers. "As most of the medicines are temperature sensitive, it is very important to maintain the temperature of the storage rooms below 20 degrees throughout the year to maintain the safety and efficacy of the medicines," explained P. Manohar Bhat, Director, Medihauze Pharma.

The entire facility is fully automated and it is backed by uninterrupted power supply. The regulatory authorities also conduct regular annual checks before validating the storage facility. In case the temperature fluctuates in the cold rooms it is automatically brought to the notice of authorities by way of SMS alert and with V track app.

The facility also has steel equipment to hold the stock in the cold rooms, which is highly appreciated by the industry. It is so clean and hygienic, as it gets cleaned up every 3 to 4 hours every day.

Medihauze Pharma Private Limited is a widely recognized medicine distribution and supplier across the country, is regarded as India's best source for super specialty medicines. The company deals in 3000 plus SKUs (Stock Keeping Units) of life saving, critical, super specialty and rare emergency medicines in Neuro, Nephro, Gastro, Onco, Cardio that require immediate administration in medical emergency. "In fact Medihauze is one stop shop for all specialty and super specialty medicines under one roof. Our expertise lies in oncology products. We are big and leading in this segment," claim Girish.

Medihauze is one of the very few medicine storage facilities in Telangana and also one of 20/30 life saving drug distribution companies in India.
